Re Entertaining the temporary Water supply establishment of the Tiptur Town Municipality on a permanent basis with effect from 1-7-1942

==oo==

Sir,

In forwarding herewith in original the connected records received from the President, Tiptur Town Municipal Council, on the above subject, I have the honor to state as follows -

2 The President states that this temporary establishment was entertained nearly 13 years back, varying in strength and scale from time to time and the employees are working satisfactorily ever since their appointment The Sanitary Engineer who was consulted in the matter of treating this establishment on permanent basis, has opined that the present strength is quite necessary in the interest of the water supply plant and that the previous service of the employees may also be taken to account, on the ground that they are working from a long time

3 , The matter of treating this establishment on a permanent basis was taken up for discussion by the Municipal Council at their meeting held on 3rd December 1942 and it was resolved that in view of the Sanitary Engineer's suggestions, the present temporary water supply establishment be made permanent from the year 1936-37 as the scale of pay of the establishment is being continued till now and that the pensionery contribution in this behalf may be paid out of the

5122
L

the closing balance of the Municipality The President seeks the sanction of Government to the resolution of the Council and to the change of the designation of the watchman or cleaner to that of a peon

4 In the circumstances stated, I request that sanction of Government may be kindly obtained in the matter.

I have the honor to be,
sir,
Your most obedient servant,

Deputy Commissioner,
Tumkur District.
